

WELCOME! QUICK ZOOM TUTORIAL

Public Workshop Ground Rules

- 1. Stay present and engaged. Turn off or mute your devices.
- 2. The group values your participation, so do what you need to do so you can devote your full attention.
- 3. Listen with an open mind. You can respect another's point of view without agreeing with them. Let people finish their thoughts.
- 4. Be honest. Say what is on your mind in the meeting, not afterwards.
- 5. Share the airtime; avoid long-winded stories, detail, and repetition.
- 6. Stay until the meeting ends.
- 7. Everyone is responsible for the ground rules.
 Notice when we've strayed, and speak up.

Why do we need a master plan?

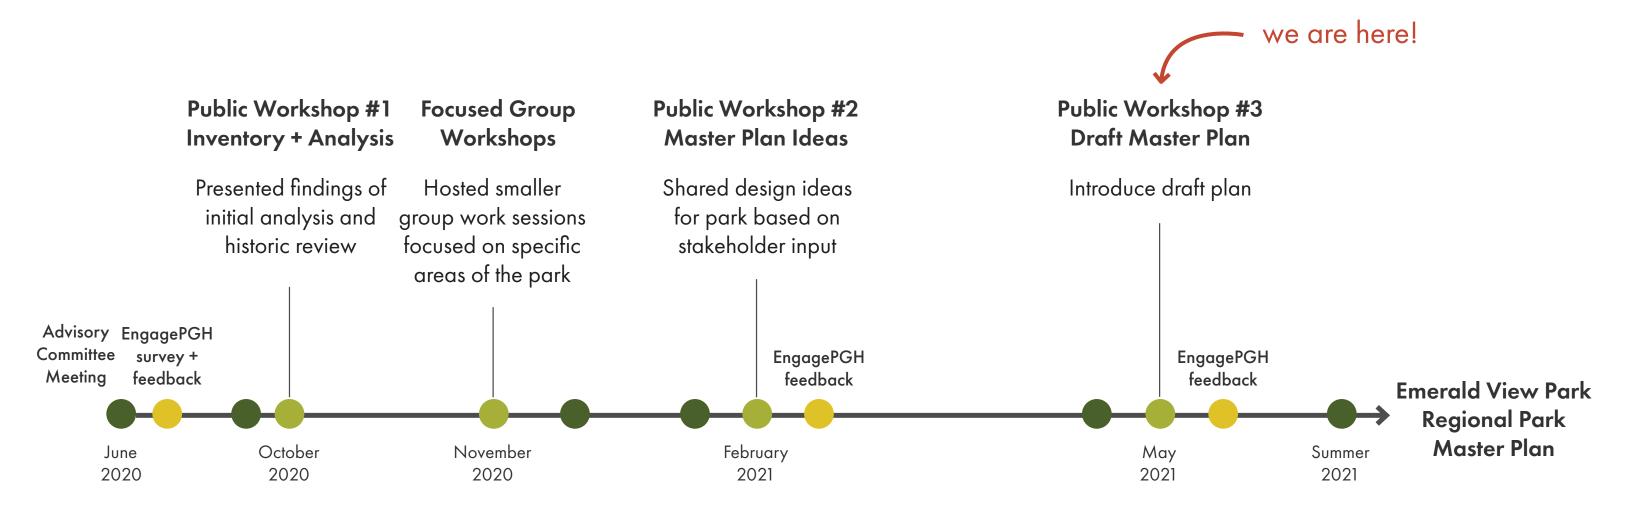

- Communicate the community's vision for a cohesive regional park
- Consolidate recommendations from past planning efforts
- Guide Emerald View Park's
 future physical development with
 conceptual design recommendations,
 a phasing plan, and cost estimates

- Ensure that individual park improvements and day-to-day decisions fit within a larger vision
- Ensure that fundraising and implementation are properly sequenced and contribute to long-term goals
- Inspire local stewardship and build momentum for future project implementation

What happens next?

- Draft master plan uploaded to EngagePGH
- Public comments provided by June 17th (1 month from today)
- Final master plan approved by PA Dept. of Conservation & Natural Resources, published this summer, presented at Art Commission (courtesy review)
- Funding sought for implementation of improvements according to phasing plan, led by City of Pittsburgh and project partners
- Projects implemented
 - Design consultants hired, as needed
 - Design refined to greater level of detail
 - Construction documents produced
 - Projects bid out to contractors, as needed
 - Construction occurs
 - Ongoing maintenance, programming

Next Steps

- 1. Visit EngagePGH
- 2. Provide feedback by June 17th on draft master plan
